The vendor shall state at time of proposal either "EXCEPTION" or "NO EXCEPTION" to **each and every paragraph of the SPECIFICATIONS AND/OR SCOPE OF WORK**. Where exception is taken, the degree of noncompliance shall be fully explained. The bid shall clearly indicate any exceptions to, or alternatives to, every part of this specification. Bids shall be arranged similar to this specification and shall reference paragraph numbers for ease of analysis and discussion, if the Government determines discussion to be necessary.

THESE PRODUCTS INCLUDE CLOTHING AND OTHER TEXTILE ITEMS, SPECIALTY STEEL, AND FOOD. IN ADDITION TO THE BERRY AMENDMENT, CERTAIN OTHER "BUY AMERICAN" PROVISIONS APPLY TO DOD.

United States

To comply with this policy, the Government has eliminated from this solicitation the requirement to use military specifications and standards in those cases where it has been determined that a suitable commercial and/or performance specification/standard is reasonably available. However, this solicitation does require the use of some military specifications/standards in those cases where a suitable replacement was not found to be available.

If offerors are aware of any commercial substitutes for the cited military specifications and standards, you should provide such information for consideration. To preclude any delay to this procurement, request offerors provide any information as soon as possible and prior to submission of offers. It should be understood that there is no obligation on any offeror to comply with this request and that no compensation can be provided for doing so.

SPECIAL PROVISION #10: Notice of Total Small Business Set-Aside (June 2003)

(a) Definition. "Small business concern," as used in this clause, means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(b) General.

(1) Offers are solicited only from small business concerns. **Offers received from concerns that are not small business concerns shall be considered nonresponsive and will be rejected.**

(2) Any award resulting from this solicitation will be made to a small business concern.

(c) Agreement. A small business concern submitting an offer in its own name shall furnish, in performing the contract, only end items manufactured or produced by small business concerns in the United States or its outlying areas. If this procurement is processed under simplified acquisition procedures and the total amount of this contract does not exceed \$25,000, a small business concern may furnish the product of any domestic firm. This paragraph does not apply to construction or service contracts.

1. NAME OF THE MANUFACTURER The Container Depot
2. NUMBER OF EMPLOYEES 2

SPECIAL PROVISION #11 The contractor shall comply with Resource Conservation and Recovery Act (RCRA) affirmative procurement (or 'buying recycled') requirements by giving preference in their purchasing process to products and practices that promote recycling and other environmentally friendly practices. The contractor is also responsible for insuring that all sub-contractors comply with Affirmative Procurement (AP) requirements. Except as specifically waived in writing, for reasons of price, performance or availability, any products in the attached EPA guideline items list provided by the contractor as part of the performance of this contract must meet the minimum percentage levels of recovered materials as specified to these standard contract terms and conditions. Please refer to the attached EPA list of designated recovered materials content products (attached). On completion of work, contractor shall submit to the COR or Contract Specialist a completed "affirmative procurement reporting form" (attached) for actions taken under that specific order.

The contractor shall submit the attached "Contractor Request for Waiver for Non-EPA Comprehensive Guideline Items" (attached) as written documentation to support the decision not to acquire items meeting the minimum content levels, based on one of the three justifications below:

- a. The product is not available from a sufficient number of sources to maintain a sufficient level of competition (i.e., available from two or more sources) or is not available at a reasonable price.
- b. The product is not available within a reasonable period of time.
- c. The product does not meet the performance standards in applicable specifications or fails to meet reasonable performance standards of the agency.

This authority does not preclude the Safety Representative from notifying the Contracting Officer's Representative of the hazardous condition or safety violation in appropriate situations.

If necessary, the ANAD Safety Representative shall have the authority on behalf of the Contracting Officer to require the contractor and/or its employee to stop the hazardous activity until corrective action is taken to eliminate a hazardous condition or safety violation. Said action shall not be considered to be the basis of a claim and shall be at no cost to the Government.

Contractor will notify ANAD Safety Office immediately of Reports of Inspections and/or Notices of Violation or other enforcement actions (including warning letters) received from by local, State, and Federal Regulators in which the violation is attributed to the action of the contractor or its subcontractors while working or providing services on ANAD's installation. Contractor will provide ANAD with a copy of the Inspection Report, Notice of Violation or other enforcement action, and all supporting documentation.

MANDATORY NOTE: CCR REGISTRATION. Please review the accuracy of your Central Contractor Registration (CCR) information. The Department of Defense began using a new reporting system in fiscal year 2005. The system will automatically pull information from the CCR. It is imperative that the information for your company is correctly recorded. Awarding of a contract to a particular company could be impacted by the information found at the CCR.

52.000-4408 INSTALLATION SECURITY

The Anniston Army Depot (ANAD) is currently operating on a heightened state of security awareness and enforcement due to possible terrorist threats. Due to this heightened state of security, it is imperative that no unauthorized materials of any type be brought onto or left unattended on the installation. For this reason the Contractor must have a process in place to receive and store materials and have visibility of the location of those materials at all times while on ANAD. This includes construction materials, equipment, and miscellaneous items. This visibility/accountability of materials applies to the Contractor, its subcontractors, and its material suppliers.

Further, all Contractor, subcontractor, and material supplier employees are prohibited from bringing personal belongings of any nature onto the installation if such items are to be left unattended at any time.

The Contractor is further required to have a plan of action for implementing these procedures and must submit it to the Contracting Officer upon request. This plan of action must include a provision for informing all employees and subcontractors of these procedures. The plan of action must also address monitoring and procedures the Contractor has in place to ensure compliance with this contractual provision.

Should the Contractor fail to comply with this mandatory contractual provision, the Contractor may be held responsible for all direct and indirect cost incurred by the Government in identifying, securing, segregating, removing, and otherwise properly disposing of improper or abandoned materials/equipment.

(End of clause)

52.000-4702 AMC-LEVEL PROTEST PROGRAM

If you have complaints about this procurement, it is preferable that you first attempt to resolve those concerns with the responsible contracting officer. However, you can also protest to Headquarters, AMC. The HQ, AMC-Level Protest Program is intended to encourage interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with the General Accounting Office or other external forum. Contract award or performance is suspended during the protest to the same extent, and within the same time periods, as if filed at the GAO. The AMC protest decision goal is to resolve protests within 20 working days from filing. To be timely, protests must be filed within the periods specified in FAR 33.103.

Send protests (other than protests to the contracting officer) by U. S. Postal Service to:
HQ Army Materiel Command
Office of Command Counsel
9301 Chapek Rd, Room 2-1SE3401
Fort Belvoir, VA 22060-5527

Facsimile number (703) 806-8866/8875

Packages sent by Federal Express or UPS should be addressed to:
HQ Army Materiel Command
Office of Command Counsel
Room 2-1SE3401
1412 Jackson Loop
Fort Belvoir, VA 22060-5527

The AMC-level protest procedures are found at:

If Internet access is not available, contact the contracting officer or HQ, AMC to obtain the AMC-Level Protest Procedures.

52.000-4706 ELECTRONIC SUBMISSION OF OFFERS

All responses to this solicitation must be submitted in electronic format. Paper copy responses will not be accepted. You may submit your response to Anniston Army Depot (ANAD) using one of these three methods: Offers submitted using any other means will not be accepted.

FAX:

The FAX number for your bids/proposals is **(256) 240-3077** extension **2222**. This FAX line is attached to a "FAX Server" which will store your transmittal. All FAX receptions are automatically time/date stamped. Sending FAX station information is also stored with the received FAX (i.e., originating telephone number and any station information you've programmed for transmission). Instructions to fax to an extension: Dial the fax number and then press the "pause" or "pause/redial" button and then our **"2222"** extension. Most fax machines have a "pause/redial" button. Consult your fax machine user manual for specific instructions. The pauses delay the fax machine's transmission of the extension and allows the telephone system time to send the extension "beeps."

E-MAIL SUBMISSION:

E-Mail bids/proposals will be directed to acqnet@anad.army.mil. Check with your Internet Service Provider (ISP) to verify that E-Mail attachments are allowed - some ISPs will "strip" attachments prior to transmission. Attachments to your E-Mail which require the purchase of software to view your bid/proposal will not be accepted. If you send E-Mail attachments, there must be a readily-available, royalty-free viewer available for our use in viewing and printing your submission.

ON-LINE SUBMISSION:

On-line submission of bids/proposals is via our **"Vendor Response Module."** This method allows you to select a solicitation, point at file(s) on your PC, and directly transmit these file(s) to our Web Server for action. Detailed information regarding the **Vendor Response Module** is available at <http://www.procnet.anad.army.mil/>, Vendor Information, Bid Submission.

If format is other than Microsoft Word, Microsoft Excel, Microsoft Access, Microsoft PowerPoint, or Portable Document Format (PDF), a "reader" must be provided. Offeror must insure its offer, in its entirety, reaches the Directorate of Contracting, Anniston Army Depot, before the time set for bid opening or proposal closing.

Any clauses or provisions of this solicitation which mention writing, returning, or submission of offer will mean electronic submission as stated in the paragraph above.

Electronic offers must identify the solicitation and the opening/closing date, and include, as a minimum, the following:

- a. The SF33/SF1449/SF18/SF1442 filled out and signed.
- b. All applicable fill-in provisions from the solicitation must be completed.
- c. Any other information required by the solicitation.

Lateness rules are outlined in the solicitation.

If you choose to password-protect access to your offer, you must provide the password to ANAD before the opening or closing date. Contact the buyer identified on the cover page of this solicitation to arrange a means of providing the password. Passwords used only for the purpose of write protecting files need not be provided.

Offerors shall make every effort to ensure that their offer is virus-free. Offers (or portions thereof) submitted which DO reflect the presence of a virus, or which are otherwise rendered unreadable by damage in either physical or electronic transit, shall be treated as “unreadable.” See Federal Acquisition Regulation 14.406 or 15.207(c) for a description of the steps the Government shall take with regard to unreadable offers.

Any bid bond required by this solicitation must be submitted with offer in the above mentioned electronic format. Also, the properly completed original bid bond must be furnished to the Directorate of Contracting, Anniston Army Depot, 7 Frankford Ave, Anniston, AL 36201-4199, prior to the opening or closing of the solicitation.

52.211-4202 TIME OF DELIVERY

(a) The Government requires delivery to be made according to the following schedule:

REQUIRED DELIVERY SCHEDULE

ITEM NO.	QUANTITY	WITHIN CALENDAR DAYS AFTER DATE OF CONTRACT
CLINs 0001,0003,0005	450 EACH EVERY 2 MONTHS (MAXIMUM 2700 PER YEAR)	First Delivery within 10 CALENDAR DAYS of Award, Then every 60 Calendar Days

The Government will evaluate equally, as regards time of delivery, offers that propose delivery of each quantity within the applicable delivery period specified above. The Government reserves the right to award under either the required delivery schedule or the proposed delivery schedule. If the offeror proposes no other delivery schedule, the required delivery schedule above will apply.

OFFEROR'S PROPOSED DELIVERY SCHEDULE

CLINs 0002,0004,0006	NOT TO EXCEED 800 EA PER YEAR	Within ____ CALENDAR DAYS of Order

(b) Attention is directed to the Contract Award provision of the solicitation that provides that a written award or acceptance of offer mailed, or otherwise furnished to the successful offeror, results in a binding contract. The Government will mail or otherwise furnish to the offeror an award or notice of award not later than the day award is dated. Therefore, the offeror should compute the time available for performance beginning with the actual date of award, rather than the date the written notice of award is received from the Contracting Officer. However, the Government will evaluate an offer that proposes delivery based on the Contractor's date of receipt of the contract or notice of award by adding one working day if the award is transmitted electronically. The term "working day" excludes weekends and U. S. Federal holidays.)

ADDENDUM TO 52.212-1c is changed as follows:

Change 30 calendar days to 90 calendar days. The remainder of this paragraph remains the same.

52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (SEP 2006)

(a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show--

(1) The solicitation number;

(2) The time specified in the solicitation for receipt of offers;

(3) The name, address, and telephone number of the offeror;

(4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;

(5) Terms of any express warranty;

(6) Price and any discount terms;

(7) "Remit to" address, if different than mailing address;

(8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(k) for those representations and certifications that the offeror shall complete electronically);

(9) Acknowledgment of Solicitation Amendments;

(10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and

(11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers:

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and--

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) Contract award (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) Multiple awards. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation. (1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and

(j) Data Universal Numbering System (DUNS) Number. (Applies to all offers exceeding \$3,000, and offers of \$3,000 or less if the solicitation requires the Contractor to be registered in the Central Contractor Registration (CCR) database. The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address. The DUNS +4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same parent concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. 1.0 PURPOSE

This specification prescribes the requirements for United Nations Standards UN1A2/Y1.5/150 type 55 gallon steel drums intended for use that satisfy Department of Transportation (DOT) Specification requirements delineated in Title 49 Code of Federal Regulations (CFR) 173 and 178 that are fabricated and tested for solids and liquids at Packaging Group II performance level for hazardous material. These drums feature a removable head with two openings for filling (bungs); ¾ inch and two (2) inches each.

2.0 SCOPE

This specification covers the performance parameters, fabrication, and delivery of steel drums for storage and shipment of hazardous materials and waste at Anniston Army Depot (ANAD). Drums may be used for shipments offered for all modes of transportation. The drums will be required to store and ship a variety of material types in an array of matrices such as: fine particulate solids; liquids; sand/moisture bearing sludge; construction debris; and drums over packed into larger metal drums. In addition, all coatings, including paint/primer, and sealant/rust inhibitor, and materials of construction shall maintain their effectiveness when in contact with moisture and a liquid absorbent.

3.0 GENERAL

3.1 The following requirements apply to all drums listed in this specification, unless noted otherwise;

3.1.1 Coatings - paint/primer and sealant/rust inhibitor - shall maintain their effectiveness when contacted by moisture and a liquid.

3.1.2 The Seller shall provide a 1A2 drum that shall maintain its integrity under conditions normally incident to handling, storage, and transportation.

3.1.3 Each drum shall have a welded body seam.

3.1.4 Drums shall have, as a minimum, an 18 gauge body and bottom head and a 16 gauge top head/lid constructed of steel sheet.

3.1.5 The closure device shall be at least a 12 gauge bolted ring with drop forged lugs, one of which is threaded. The bolt size shall be at least a 1.6 centimeter (5/8 inch) diameter steel bolt and nut.

3.1.6 There shall be no bungs in the drum shell or bottom head.

3.1.7 Drums should have one (1) 3/4 metal bung with National Pipe Threads (NPT) and one (1) two inch metal bung with National Pipe Threads (NPT) installed in the lid. These should be removable with a standard Bung Wrench.

3.1.8 Drums shall have, as a minimum, two (2) expanded rolling hoops.

3.1.9 The interior and exterior of each drum, including the lid, shall be coated with a rust inhibitor.

3.1.10 The exterior of each drum and lid shall be painted with black enamel paint.

- 3.1.11 The gaskets provided with the drum shall be securely affixed to the lid and bungs and designed to remain leak proof under normal conditions of transportation. The gasket shall be suitable for acidic, caustic, and petroleum based materials.
- 3.1.12 Each drum shall be embossed on the bottom head in accordance with 49 CFR 178.3 with the appropriate letters and numerals identifying the applicable DOT specification standards that the drum complies with. A duplicate marking shall also be stenciled in a contrasting color paint on the side of the drum in accordance with 49CFR 178.3(a)(5).
- 3.1.13 Each drum shall be embossed on the bottom head in accordance with 49 CFR 178.503(a)(9)(i) with the appropriate numerals identifying the nominal thickness of the metal used in the drum.
- 3.1.14 Each drum shall have an inside diameter of 572.0 Millimeters with an outside diameter of 864.0 Millimeter nominal.
- 3.1.15 All drums shall be new and not refurbished.
- 3.1.16 Each drum lid shall have, as a minimum, one (1) corrugation near the periphery.
- 3.1.17 Each drum shall be capable of being placed into an 85 gallon capacity drum.
